EXPERIENCE

ZEETO.IO, San Diego, CA

QA Engineer Intern, 10/2016–to Present
Responsible for developing and executing software test plans in order to identify software issues to support Zeeto's groundbreaking SaaS registration marketing platform. Develop and execute functional test cases via HipTest with integration through Selenium web automation. Investigate and recreate reported defects as well as tracking and documenting.

Collaborate with other engineers to troubleshoot and resolve coding issues, participate in the design and development for test automation and support.

QUALCOMM, San Diego, CA

Software Engineer Intern, 6/2016 – 9/2016
Partnered closely with the Lead Script Developer in writing and maintaining PERL scripts to automate Hardware Engineering interface to ClearCase (CC) and ClearQuest (CQ) integrated (UCM) in accordance with requirements and guidelines originating in the Change Control Board (CCB).

Successfully completed the design, implementation, delivery and training for a Web Form to be used by the Hardware Engineers using Bootstrap and jQuery. Contributed to an Agile team workflow with bi-weekly SCRUM meetings and four-week sprints via Jira.

QUALIFICATIONS

◆Accustomed to multitasking and meeting strict deadlines. Able to remain calm under pressure and interface effectively in fast-paced, high-pressure business environments. Highly motivated problem solver resolute in tackling challenges and overcoming obstacles.

◆Passionate and resolute in exceeding customer expectations, including management of high net-worth client relationships. Recipient of numerous awards for outstanding service. Experienced in portfolio administration, asset allocation strategies, cash management, and trust administration of investment portfolios for individual, corporate, charitable, and institutional clients.

BETA WEALTH GROUP, San Diego, CA

Director of Client Relations, 2015 – 2016

Managed and helped grow an existing book of business by focusing on developing and cultivating personal client relations. Spearheaded the marketing initiative to build social media and online presence for the firm. Worked closely with clients, helping them achieve their financial, retirement, family and legacy goals.

FORTIS ADVISORS, San Diego, CA

Client Relations Manager, 2013 - 2014

Acted as the first point of contact with respect to questions related to M&A transactions for hundreds of venture capital and private equity funds and thousands of shareholders who exit their investments through M&A transactions. Critically analyzed data and information contained in complex transaction documents such as merger agreements, asset purchase agreements and escrow agreements and relayed the synthesized the information to the various shareholders in simpler terms. Focused on managing and resolving issues, and establishing and maintaining communication with shareholders to keep them updated with status of their requests.

BNY MELLON, Pittsburgh, PA

Team Leader/Middle Office Operations, 2006-2013

Managed daily administration of high net-worth client accounts, including rebalancing and monitoring of investment portfolios for this leading provider of investment management services across 36 countries and 100+ markets. Provided back-end support to Investment Managers to ensure seamless, timely, and accurate settlement of high-stakes global and domestic trades and FX deals. Served as primary contact between custodian banks and brokers in resolving complex, high-risk securities settlement issues. Closely monitored client account transactions and produced daily accounting statements.
